## Greene's Energy Group, LLC

In July 2004, Management and Catalyst/Hall acquired the assets and business of Greene's Energy Services.

Greene's is a 50-year-old multi-state energy services company, servicing the drilling, production, transmission and processing markets with highly skilled personnel and rental equipment.

Ron Nixon, managing member of Catalyst/Hall observes, "It's exciting for us to partner with existing management, plus new management, who, in tandem, are committed to both continuing and improving the outstanding reputation and performance of this well established business."
